Address _____

I, _____ request to be enrolled in the following course work:

Program	clock hours	cost	start	end
Welding technology	624	_____	_____	_____
section titles				
Basic SMAW	144	_____	_____	_____
Advanced SMAW	96	_____	_____	_____
Semi-Automatic	72	_____	_____	_____
G.T.A.W.	48	_____	_____	_____
Blueprint Reading for Welders	48	_____	_____	_____
O.F.W.	144	_____	_____	_____
Manual torch cutting	24	_____	_____	_____
Brazing and Soldering	48	_____	_____	_____

The tuition prices listed above are good for the dates specified. Students that drop out of school and reenroll at a later date, their tuition will be under the then current catalog price list.

Each student must obtain their own personal protective equipment and textbooks. Certificates of completion are issued for each section completed and paid in full. A Diploma is issued at the completion of the 624 clock hours required in the Welding Technology program.

Each section must be paid in full three working days before the start of class. The student is responsible for prompt payment of all tuition.

A student may cancel enrollment at any time, in writing, at the administration office or by registered letter. The students enrollment maybe terminated by the School for, failure to comply with school rules, not meeting enrollment requirements, failure to maintain adequate grades, failure to make payments on time, and absenteeism. The student acknowledges they have read and understand all requirements and rules in the Schools catalog.

Refund policy to be made within five days of termination of enrollment. The student is required to pay for the hours attended. The hourly rate is determined by dividing the cost of the section by its hours and multiplying that times the hours actually attended.

The School does not and can not guarantee employment. This agreement is not binding unless signed by all parties and with receipt of the required sections tuition payment and class schedule.
